Name of School and Department in which you teach:

1. Please describe your proposed project and list all items you will need to purchase to complete your project with estimated cost.
2. Each applicant must submit a letter describing the reason(s) why this grant will help you to enhance your lesson plans and include the number of students participating.
3. The Garden Club of Hyannis also requests that you submit a report of how your lessons have enhanced student learning after completion of your mini-grant.
4. We would appreciate if you would kindly share a photo of any project such as gardening, raised beds etc that your students participated in.
